THE FEUD TRIALS.

Order For a Change of Venue to Morgan County Withdrawn by Judge Redwine.

CAPT. EWEN RETURNS TO JACKSON

Detail of Ten Men Under Capt. Longmire is Now Guarding His Home by His Request.

Jett and White Will Be Tried in Jackson As Soon As a Jury Can Be Summoned From An Adjoining County.

Jackson, Ky., June 4.—The order changing the trial of Curt Jett and Tom White, charged with murder, to Morgan county was withdrawn Wednesday morning, and the cases are to be tried here as soon as a jury can be summoned from an adjoining county. The trial was set for Monday. The attorneys for defense and prosecution in the Jett and White murder cases can not agree upon an ellisor, and Judge Redwine will appoint one Thursday morning. Capt. B. J. Ewen, the star witness in the Marcum murder, returned to Jackson Wednesday night. Late Wednesday evening Capt. Ewen requested a guard for his home. Capt. Longmire with 10 men was detailed for this duty.

With the trials of Curtis Jett and Tom White set for Monday there is no developments of special interests to be expected before that day. However, incidents wholly unexpected and of liveliest interest have crowded upon one another in rapid succession since the troops have been in Jackson, and the news situation bids fair to remain rich in possibilities. The lull in striking events will mean no diminution in the work developing upon the soldiers and the call of the sentry, the tramp of relieving squads, and the blast of the bugle will be heard with unbroken regularity. The militia will always be on the alert for possible attack, and no precaution will be omitted.

The capture of the searchlight which has been operated on the mountain side and possibly the arrest of prowlers who insist on firing off their pistols nightly in the vicinity of the camp may be incidents of the week. Thursday morning Judge Redwine will announce the appointment of an ellisor to perform the duties of sheriff during the trials and will direct him as to the county from which he is to secure a jury. Judge Redwine would not give out the name of the man chosen Wednesday night. The cancellation of the order transferring the cases of White and Jett to Morgan county was not unexpected, and while not what Jackson people have urged and wanted, the decision to hold the trials here was by comparison gratifying. It was not believed that a more undesirable place could be found until West Liberty was chosen.

GAINED THEIR LIBERTY.

Three Prisoners Dug Out of Jail at Moundsville, W. Va.

Wheeling, W. Va., June 4.—Three prisoners dug their way to liberty from the jail at Moundsville Wednesday, and up to a late hour Wednesday night no trace of their whereabouts has been found. Two of the trio, Robert Ritchie, who killed James McGowan at Benwood, and Charles Nichols, who murdered Marlon Hathaway at McMeekin, are murderers. The third is a Negro of the name of Neville, charged with robbery. The prisoners dug through a brick wall and cut through eight steel bars.

The Bee says: "After selling his horse for \$30 he left security for the balance due and went home a sadder man, in company with Tom Clare, with whom he had been on a spree among the hills of old Huntington, having 'a good time' drinking and shooting off a revolver and terrorizing the natives."

THE CALL ISSUED.

Anthracite Miners in Three Districts to Meet at Pottsville, Pa., Next Monday.

ANOTHER STRIKE IS PROBABLE.

The Convention Will Decide Whether or Not a General Suspension of Work Shall Be Declared.

There is a Difference of Opinion Between Mine Owners and Workers Over the Selection of the Board of Conciliation.

Wilkesbarre, Pa., June 4.—At the morning session of the three anthracite boards of the United Mine Workers' union there was little done outside of outlining plans as to what course was best to pursue. Wednesday afternoon they met again, when they decided to hold a joint convention of miners at Pottsville on June 15, for the purpose of determining whether or not a general suspension of work shall be declared.

They were in session up to 5 o'clock but no statement was made by them outside of the bare announcement of the decision to hold a joint convention.

The call for the convention of miners is signed by the presidents and secretaries of Districts 1, 7 and 9. It recites the contention of the operatives that Presidents Nicholls, Dettrey and Fahey were chosen members of the board of conciliation in conformity with the award of the strike commission and the refusal of the operators to accept them as representatives of the miners. The call continues:

"In view of the action of the operators in refusing to carry out the award of the commission the executive boards of Districts 1, 7 and 9, after carefully canvassing the entire situation, decided to notify all local unions that a convention will be held in the city of Pottsville, beginning at 10 a. m., Monday, June 15, 1903. The purpose of this convention will be to decide what action shall be taken or what course shall be pursued by the officers having your affairs in charge. If local unions wish delegates to elect their representatives on the board of conciliation they should instruct them accordingly."

The contention of the operators is that the recognition of the United Mine Workers of America was not one of the questions submitted to the commission for decision; that Mr. Mitchell admitted this by appearing before the commission simply as a representative of the anthracite mine workers; that the award of the commission specifically asserted that the recognition of the United Mine Workers of America, as at present constituted, was inadvisable, that award number 4, providing for the board of conciliation, lays down certain rules for the appointment of members of said board.

The representatives of the operators have appointed strictly within the terms of said award and there is no objection on their part to cordially accepting Messrs. Nicholls, Dettrey and Fahey as the representative of the miners providing they are elected by a majority of the mine workers as specified in the award of the commission. The objection is solely against their appearing as the official representatives of the United Mine Workers of America appointed by an executive committee, without authority for such appointment.

THE GREAT BUILDING LOCKOUT.

Contrary to All Anticipations It is Still on in New York.

New York, June 4.—Contrary to all anticipations, the great building lockout is still on. At the meeting Wednesday of the United Board of Building Trades, representing the labor men, the faction which favors a continuation of the strike lockout, won. By the vote of 22 to 13 the board decided to support the contention of the United Building Material Drivers' union. Incidentally it rejected the report of the committee of five which recommended as a basis of settlement that the drivers be thrown out of the organization. There was a big fight in the board and it was finally decided to put the matter over for final settlement until Monday.

As far as the lockout is concerned this not only puts the situation back where it was, but injects a fighting element in the board.

Machinists' Strike Settled.

Omaha, Neb., June 4.—The machinists' strike on the Union Pacific system that has continued for more than 11 months was settled at a conference between President Burt, of the railroad company, and representatives of the strikers.

THE CROP OUTLOOK.

It Has Improved Somewhat as a Result of Good Rains, But the Wheat Will Be Short.

[Weekly Bulletin of Weather Bureau.]

The week opened dry and hot, but on Wednesday showers began and continued during the remainder of the week. The drouth, which was becoming quite severe in the central and eastern portions of the State, was thoroughly broken. The rainfall was lightest in the center of the State, where most was needed, but there it was sufficient to relieve the situation. In some localities very heavy rain and hail, accompanied by high wind, damaged crops to quite an extent, but the area affected was not large. The temperature was above the normal until Sunday, when cooler weather prevailed.

Wheat has headed low, with short heads, and will be a short crop; it is affected by rust in some localities.

On account of the drouth, there is some corn land not yet planted, but early fields are up and doing well.

The latter part of the week was very favorable for tobacco setting, and the bulk of the crop will be put out during the present rainy spell; the plants are plentiful and generally in good condition.

Oats, rye and grass show considerable improvement since the rains began. Gardens and Irish potatoes are doing well.

The outlook for apples is still encouraging; there are few peaches. Small fruits are promising, especially blackberries.

Farm work has been delayed in the western portion of the State by continuous rains, but it has progressed well in the eastern and central portions.

Miss Florence, daughter of Abner Hord Sinclair, of Georgetown, and Wm. G. Williams wed at Georgetown Thursday evening, June 11th.

Louis, Ky., June 4.—James Jackson, aged 60, was drowned in the Big Sandy river at this place. His little son, aged 6 years, fell out of the boat in which they were crossing the swollen river and the father jumped in to rescue him, but drowned before help could reach them. The boy was saved.

An Eccentric Preacher.

Greenup, Ky., June 4.—Henry Berndt, who gives his home as Covington, arrived here and preached on the courthouse square. He goes barefooted winter and summer, and says he would not have a pair of shoes as a gift. He says he is 19 years of age, and has been preaching two years.

Victims of Assassins.

Somerset, Ky., June 4.—Further details of the killing of Walter Whitaker and John Farmer, of this county, show that the men were victims of one or more assassins. They were shot from ambush while passing through a thickly wooded district from London.

Strike Insurance Co.

Louisville, Ky., June 4.—A strike insurance company, which gained its origin in the meeting at New Orleans of the National Association of Manufacturers and has since been promoted by Louisville business men, is a possibility of the future.

LEVEES BREAKING.

Seventy Thousand Acres of Farming Land is Flooded South of Keokuk, Ia.

AGGREGATE LOSS IS \$750,000.

Highest Stage of Water Reached by the Mississippi in the History of Hannibal, Mo.

A Number of Frame Houses, Submerged All But the Roofs, Passed St. Louis With Now and Then a Dead Animal.

Keokuk, Ia., June 4.—The Hunt levee on the Illinois side of the river below this city broke Wednesday afternoon and 40,000 acres are flooded south of Warsaw. Nine hundred feet of the Indiana grove levee, further down the river, also went out Wednesday afternoon and flooded 35,000 acres. As a result of other disasters all the low country between Warsaw and Quincy is under water. The loss is \$750,000. The river at Warsaw is 18.9, eight inches higher than in 1881.

Hannibal, Mo., June 4.—A stage of 21.8 feet reached by the Mississippi here Wednesday night establishes the highest water mark in the history of Hannibal. The water is now nine feet over the danger line, a rise of 2.5 feet in the past 24 hours. It is estimated that the damage already done will amount to at least \$200,000.

The street car system is paralyzed and the city electric light plant is shut down, leaving the city in total darkness and causing the suspension of work by a large number of manufacturing industries which use electricity for running their machinery.

The railroad service is crippled. Few trains are running into Hannibal at present. Business generally is tied up. Between ten and fifteen of the important business blocks and some residences and buildings along the levee are flooded. Occupants of many residences in South Hannibal were compelled to vacate their homes Wednesday.

St. Louis, June 4.—Slowly the Mississippi crept up the levee Wednesday inch by inch until between sunrise and sunset the gauge marked a rise of six inches. The surface of the swiftly flowing water was thickly strewn with driftwood which seemed to increase as the day drew on, indicating that the crest of the flood approached. A number of frame houses, submerged all but the roofs, passed St. Louis and now and then a dead animal but no human bodies were seen, although a vigilant watch has been maintained.

On the Illinois side there is a more serious flood condition. Venice, situated north of East St. Louis is in almost immediate danger of inundation. A rise of a foot more will submerge the west portion of the town and manufacturing industries will suffer heavy losses. The water works which supplies Venice, Granite City and Madison is situated on Gabaret island. Already the water has reached the sill of the boiler room floor and a small further rise will extinguish the fires and cut off the water supply of those three towns. Between Venice and East St. Louis is a low area used as farming lands. Water now covers this area to a depth of 12 feet forming a lake about a mile square. Many "squatter" families have been forced out, leaving everything behind.

The friends of Democratic County Judge Hargie and of Democratic Circuit Judge Redwine, all of the good old Democratic county of Breathitt, opened fire on Governor Beckham's militia a few nights ago, because the Governor had sent them up there to preserve the peace.—Public Ledger.

The situation at Jackson is bad enough but the newspaper correspondents up there are making it worse. The Ledger's article is based on some of the sensational stuff the "boys" have been sending out from Jackson. The Jackson Hustler thus tells of the alleged firing on the troops:

While it had its ludicrous side, yet it is probable that last Wednesday night was fraught with more suspense, alarm and danger than has existed in Jackson in many a day. The severe and protracted drought of this section was broken that night by a violent storm. The storm, rain, thunder and darkness or some other cause, confused and excited the military guard stationed around the jail and on the public square and they imagined that an attack was to be made upon them or the jail, and they began firing their guns in various directions, and the widow Haddix's cow, while making her way toward the jail with object unknown, but supposed to be the rescue of Curt Jett, was shot down by the boys in blue. But her owner claims that her presence near the jail was brought about by a patch of grass in the court house yard, and that she was not a partisan of Jett. The Jackson Deposit Bank and the front of the office building in which the Hustler office is located, were riddled with balls that missed the cow. She has a record of four gallons of milk per day, and her owner was allowed a claim of \$40 in payment for her loss. It is fortunate for the town that only small arms were used by the troops, for had the gatling or hotchkiss guns been used the results might have been serious indeed.

IN SOCIAL CIRCLES.

King's Daughters of the Episcopal Church Spend Delightful Afternoon With Mrs. E. C. Phister.

As has been her custom for years, Mrs. E. C. Phister yesterday afternoon entertained the King's Daughters. The society is an auxiliary dynamo to the Church of the Nativity (P. E.), and is composed of the young ladies of the congregation who care to take part in the work of the parish. Miss Phister is the President and a most capable one.

The afternoon was perfect in all its appointments and the large attendance bespoke the pleasures all knew were in store when so gracious a hostess bids them come. Mrs. Phister read a pretty little story which was an appetizer to the many good things enjoyed under her natural gifts—for she is a born leader in the social world, an accomplished member of the literati and a noble example of that sex from which we get our Queens and Princesses. This annual feast was a distinct success and the ideal June day made it a rare, happy and long-to-be-remembered occasion.

During this month we will make to order a limited number of our \$35 and \$40 suits for \$30 cash.

Underwear for Warm Weather

The most important thing for comfort in warm weather is light underwear and it must be right in two ways. It must not only be light weight and woven to allow perfect ventilation, but it must fit perfectly, as well. The market is full of underwear made without any attention to a proper fit and manufacturers who have expensive machines for weaving it are not going to change them as long as the public will buy the output.

There are other kinds of underwear, however, and our persistent efforts to secure intelligently made goods have been rewarded. That accounts for the superiority of Hunt Underwear. Our stock is not so large of course as that of big department stores in cities but it is positively representative of the best foreign and domestic manufacture. In each line you will find the garments made to fit the figure.

Children's Underwear

Too, is one of the notable features of our stock. Many stores accept clumsy styles because they are unable to get any better. We have succeeded, however, after patient search and our Underwear for infants and children has won an enviable reputation with mothers who like to have their little ones comfortable. Real summer comfort is well under way when you are provided with Hunt Underwear.

MOB IN WAITING

To Mete Out Vengeance to Mann, Morris and Saunders,

But the Prisoners Are Still in Covington. State Troops May Be Called Out.

A crowd estimated at from 300 to 500 were in waiting here last night when the 10:46 train came in, expecting Tom Mann, Ed. Morris and Charley Saunders, the three negroes charged with the robbery and wounding of Mr. J. B. Farrow a few months ago at his home near Mt. Gilead.

The negroes have been in the Covington jail for safe keeping. Sheriff Roberson and special deputy, Wm. Wells, left on the 4:30 train Wednesday to bring them back for trial. Their departure was kept as quiet as possible, but the friends of Mr. Farrow were on to every move, showing they are well organized. They took it for granted that the Sheriff would bring the men here on the night train and they had every avenue to the jail guarded, while a large crowd were in waiting at the prison.

This move on the part of the mob was premature, though, and will result in the case being transferred to another county or the State militia being called out to protect the prisoners.

Sheriff Roberson's orders were to bring the prisoners here on this morning's 10 o'clock train, but Judge Harbeson telephoned him to leave them in Covington until further instructions.

There is no disguising the fact that a determined organization is ready to lynch the prisoners if they are brought back to Maysville.

Rev. Dr. Matthew Vanlear, pastor of Providence Church in Mercer County, died Tuesday. He succeeded Rev. Samuel F. Taylor, of this county, who died two years since, as pastor at the Providence Church. They were affected a good deal in the same manner, it is said.

Mr. Eugene Ishmael of Nicholas County and Miss Bertha Godby of Augusta were married Wednesday morning at 8 o'clock at the Augusta M. E. Church, South, Rev. E. G. B. Mann of this city officiating. The bride is a daughter of Rev. Josiah Godby, pastor of the Dover and Augusta churches.

The church was handsomely decorated for the occasion, and was thronged by relatives and friends of the happy couple who assembled to witness the nuptials and unite in the good wishes showered upon the newly wedded.

The bride's twin sister, Miss Jessie, was maid of honor, while the bridesmaids were Misses Mayme Key, Ida Allison, Edna Hunter and Alberta Glascock. Rev. H. T. Musselman was the groom's best man, and Messrs. Charles Rhoades, R. L. Hoefflich, Robert Allison and Gordon Asbury officiated as ushers. Mrs. C. E. Geisel presided at the organ.

The bride is a daughter of Mr. and Mrs. Thomas Allison, while the groom is the only son of Mr. and Mrs. Jos. Cochran. He is one of the Justices of the Mason Fiscal Court.

Nearly all of them have purchased from us season after season since we first began selling Rochester-made Clothing. Wall Paper

Good decoration need not mean the costly, or the elaborate, but it must always mean the appropriate and the timely.

Wall Paper

is the clothing of the house, and styles in wall paper change as frequently as styles in clothing. It is equally true that a house decorated in colors or designs that are out of date is as incongruous as a woman of 'to-day in the garb of year before last. Call and examine our "Wall Paper."
